Professional Summary

Computer Science and Engineering graduate and Java Full Stack Development Intern at Besant Technologies. Hands-on experience building REST APIs with Java, Spring Boot, Spring Data JPA, and MySQL, and connecting them to React.js frontends. Built and deployed a Student Result Manager web application and am currently developing a Local Service Booking System.

Technical Skills

- **Languages:** Java, JavaScript, SQL
- **Backend:** Spring Boot, Spring Data JPA, Hibernate, REST APIs
- **Frontend:** React.js, HTML, CSS, Tailwind CS
- **Database:** MySQL
- **Tools & Deployment:** Git, GitHub, VS Code, IntelliJ IDEA, Vercel, Railway

Experience

Java Full Stack Development Intern **Mar 2026 – Present**
Besant Technologies

- Build full-stack web applications using Java, Spring Boot, React.js, JavaScript, and MySQL.
- Develop REST APIs and implement CRUD operations on relational databases using Spring Data JPA.
- Integrate the React frontend with backend APIs and debug issues across the application stack.

Projects

Student Result Manager *Jul 2026*
Live Demo | GitHub Repository
React, Java, Spring Boot, Spring Data JPA, MySQL

- Developed student CRUD operations and automatic result calculation for total marks, average, and grades.
- Integrated a React frontend with Spring Boot REST APIs and stored data in MySQL using Spring Data JPA.
- Deployed the frontend on Vercel and the backend on Railway.

Local Service Booking System *Sep 2026 – Present*
Spring Boot, Spring Data JPA, Hibernate, React.js, MySQL

- Developing a platform to discover service providers and book services by date and time availability.
- Building Spring Boot REST APIs and connecting the React.js frontend to MySQL using Spring Data JPA.
- Planning customer reviews, ratings, and booking status tracking.

AI Integrated Smart Agriculture Platform *Nov 2025*
React.js, Tailwind CSS (Frontend)

- Developed the frontend of a role-based agriculture platform with separate dashboards for farmers, consumers, and administrators.
- Built responsive user interfaces for the farmer-to-consumer marketplace and seed and fertilizer inventory pages using React.js and Tailwind CSS.
- Worked on a Tamil-English AI chatbot interface for farming-related queries.

Education

B.E. in Computer Science and Engineering **2022 – 2026**
M.P. Nachimuthu M. Jaganatha Engineering College, Erode CGPA: 7.3
